

**North Marin Water District
Recycled Water Expansion Project South Service Area
Phases 1a, 1b and 2**

Marin County, California

Construction of approximately 5.5 miles of 16", 12", 8" and 6" new water lines to convey recycled water from the Las Gallinas Valley Sanitary District to the Hamilton Area of South Novato. Project involved preparation of a pre-design report and design of new recycled water lines in residential streets, hillside easements, bore and jack steel casing under railroad tracks, and hanging the water line under a bridge over the railroad tracks.
